Please consider your needs for daycare

**Regular service**

Full time is 5 days with a minimum of 3 days per week for the regular rate. You can register for AM only and children can take the bus home in the afternoon. You can register for PM only and children can take the bus in the morning. **\*If you register for 5 days AM or PM they will not be assigned a bus for that block.** AM daycare is included in the daily rate if your children attend afternoon daycare.

**Less than 5 days/week**

Please indicate the days they will attend daycare. They will have access to the bus on their off days.

A calendar will be created for families with varying schedules.

**Occasional service and PD days**

Open to all students who might need care from time to time or less than three days each week. If you know the specific days they will need please indicate them in the boxes provided. You can also call or e-mail the day you need care to add them to the list.

Please fill out your survey with **PD days** checked off to be on the list to receive the registration forms. Regular students are automatically placed on the list but need to register for each day separately.

Please select the services the children will require daycare service by checking the appropriate boxes.
